## CR5410-50

Part Number: CR5410-50 Manufacturer CR Magnetics, Inc.

**Description** SENSOR CURRENT HALL 50A AC/DC

Data sheet: CR5400 Series

RoHs Status: Lead free / RoHS Compliant Ship From: Hong Kong

Shipment Way: DHL/Fedex/TNT/UPS/EMS

| Store.com, 1 Year Wa  |                                   | Warranty   | Request For Quotation              |

|   | Category                          | Sensors, Transducers   |                                    |
|   | Voltage - Supply                  | 24V  |                                    |
|   | Series                            | CR5400   |                                    |
|   | Sensor Type                       | Hall Effect, Closed Loop   |                                    |
|   | Sensitivity                       | -  |                                    |
|   | Response Time                     | -  |                                    |
|   | Polarization                      | Bidirectional  |                                    |
|   | Packaging                         | Bulk   |                                    |
|   | Package / Case                    | Module   |                                    |
|   | Output                            | Ratiometric, Voltage   |                                    |
|   | Other Names                       | 582-1124<br>CR541050   |                                    |
|   | Operating Temperature             | 0°C ~ 50°C   |                                    |
|   | Number of Channels                | 1  |                                    |
|   | Mounting Type                     | DIN Rail, Panel  |                                    |
|   | Moisture Sensitivity Level (MSL)  | 1 (Unlimited)  |                                    |
|   | Linearity                         | -  |                                    |
|   | Lead Free Status / RoHS<br>Status | Lead free / RoHS Compliant   |                                    |
|   | Frequency                         | DC ~ 4kHz  |                                    |
|   | For Measuring                     | AC/DC  |                                    |
|   | Detailed Description              | Current Sensor 50A 1 Channel Hall Effect, Closed Loop Bidirectional Module   |                                    |
|   | Current - Supply (Max)            | 40mA   |                                    |
|   | Current - Sensing                 | 50A  |                                    |
|   | California Prop 65                | Warning Information WARNING: This product can expose you to chemicals including Acrylonitrile which is known to the State of California to cause www.P65warnings.ca.gov. | cancer. For more information go to |
|   | Accuracy                          | ±1%  |                                    |
| Components-Store.com is a Reliable Stocking Distributor of Electronic Components. We specialize in all CR Magnetics, Inc. series electronic components. We have 918 pieces of CR Magnetics, Inc. CR5410-50 in stock |                                   |  |                                    |
| available now. Request a quote from electronics components distributor at Components-Store.com, our sales team will contact you within 24 hours.  |                                   |  |                                    |
