| Category                         | <a href="#">Sensors, Transducers</a>                                        |
| Voltage - Input                  | 4.75 V ~ 9.45 V                                                             |
| Switch Function/Rating           | -                                                                           |
| Series                           | D6F                                                                         |
| Sensing Range                    | 0 ~ 1 LPM                                                                   |
| Port Size                        | -                                                                           |
| Other Names                      | D6FP0010AM2<br>Z3058                                                        |
| Operating Temperature            | -10°C ~ 60°C (TA)                                                           |
| Moisture Sensitivity Level (MSL) | 1 (Unlimited)                                                               |
| Material - Body                  | PBT Plastic                                                                 |
| Lead Free Status / RoHS Status   | Lead free / RoHS Compliant                                                  |
| Flow Sensor Type                 | Air                                                                         |
| Detailed Description             | Air Flow Sensor 0 ~ 1 LPM PBT Plastic                                       |

Components-Store.com is a Reliable Stocking Distributor of Electronic Components. We specialize in all Omron series electronic components. We have 2408 pieces of Omron D6F-P0010AM2 in stock available now. Request a quote from electronics components distributor at Components-Store.com, our sales team will contact you within 24 hours.
